

School Meals

Addington Valley Academy complies with the Standards for Schools Food which sets out the guidance on the standards for planning and providing food in schools. The standards are to ensure that food provided to students is nutritious and of high quality; promotes good nutritional health; protect those who are nutritionally vulnerable and promotes good eating behaviour

Students can choose between a packed lunch or a hot school meal.

All students eat together in the hall to encourage social skills and friendship.

School meals provide a choice of a meat or vegetarian option, as well as a Gluten, Dairy, Wheat, Lactose, Soya and Corn free option. The meals are balanced, healthy and very good value for money.

If your child is entitled to a free school meal you should let the school office know when you complete your admission form.
