## Parent Privacy Notice

### Introduction

The School is part of Orchard Hill College Academy Trust, referred to in this notice as the **Trust** or **we**. The Trust runs the school and is responsible for how the school handles your personal data.

This Privacy Notice is to help you understand **how** and **why** we collect and use your personal data and **what** we do with that information. It also explains the decisions that you can make about your personal data.

If you have any questions about this notice please talk to your child's form tutor or the Data Protection Officer, [data.protection@ohcat.org](mailto:data.protection@ohcat.org), 020 3897 7002 or GDPR Sentry Limited, Unit 434 Birch Park, Thorp Arch Estate, Wetherby, LS23 7FG, [support@gdprsentry.com](mailto:support@gdprsentry.com), 0113804203

### What is "personal data"?

Personal data is information about you, from which you can be identified either directly or indirectly. For example, your contact details, emergency contact details, financial information, your family circumstances, and photos of you.

### Where we get your personal data from and who we share it with

We obtain your personal data from a number of different sources. We get information from you (e.g. when your child joins the school). We get information from our teachers, your child, your child's previous schools, other members of your family, other pupils and their parents, as well as from people outside of the Trust such as the local authority and health or education professionals.

We will also share information with these people and organisations where appropriate. For example, if you tell us about something which has happened at home, we might share this with the local authority to fulfil our legal and regulatory obligations.

### Why we use your information and the lawful bases

We use your information to:

1. carry out our regulatory obligations and functions as an academy trust;
2. teach your child and our other pupils;
3. look after your child and others such as other pupils;
4. help us to comply with our legal obligations, to assist us regarding the management and operation and to advance and protect our interests, objectives and reputation; and
5. promote what we do. For example, by using photographs in a school prospectus, on our website or in social media.

Our lawful bases for using your personal data are as follows:

**Public task:** This allows us to use personal data where doing so is necessary in order to perform a task in the public interest, as set out in law, or to exercise one of our functions, or powers as an academy trust. This basis applies to purposes 1, 2, 3 and 4 above. For example, we are performing a task in the public interest when we teach and look after your child. It also sometimes applies to purpose 5 listed above, for example, when we use a photo or video of you to show prospective parents and pupils what we do and to advertise the trust.

**Legal obligation:** We might need to use your information in order to comply with a legal obligation, for example, to report a concern about your child's wellbeing to Children's Services or in relation to inspections. Occasionally we may have a legal obligation to share your personal data with third parties such as the courts, local authorities or the police. There is more detail on this below.

**Vital interests:** In limited circumstances we may use your information to protect your vital interests or the vital interests of someone else. For example, to prevent someone from being seriously harmed or killed.

**Legitimate interests:** This means that the Trust is using your information where this is necessary for the Trust's legitimate interests or someone else's legitimate interests. Specifically, we have a legitimate interest promoting the trust including fundraising, certain types of publicity and preserving historical school records.

**Contract:** We will need to use your information in order to perform our obligations under any contract that we have with you and for you to perform your obligations as well. For example, we would need your name and contact details to provide you with any tickets purchased for a school play. We may also rely on this basis where you have asked us to do something before entering into a contract with us.

### **Our purposes and lawful bases in more detail**

This section contains more detail about the purposes for which your personal data is used, the applicable lawful basis, as well as further information about where we get your personal data from, and who we might share it with. It does not say anything different to the above but goes into more detail.

We have used a colour code system so that you can see which basis we are relying on for each of the purposes described at paragraphs below. **LI** means legitimate interests, **CT** means contract, **PI** means public task, **LO** means legal obligation and **VI** means vital interests. So if we have **LO, PI** that means we are relying on both legal obligation and public task for that purpose.

- 1 Our primary reason for using your personal data is to provide educational and pastoral services to your child - **PI**.
- 2 We will use information about you in order to process your application for your child's admission to the Trust. We obtain information about you from the admissions forms, from the local authority and from your child's previous schools. We may also get information from professionals such as doctors and local authorities - **PI**.
- 3 We may send you information before you accept a place for your child. For example, we may send you information about a transition day – **PI**.
- 4 We will have information about any family circumstances which might affect your child's welfare or happiness. This is to help us provide appropriate care and support to your child - **PI**.
- 5 We may use medical information about you if we need this to look after your child – **PI**.

  - to protect the College's buildings, pupils, parents, staff and visitors from criminal activity such as theft and vandalism;
  - to increase personal safety;
  - to support the protection of property;
  - to aid in the investigation of accidents and incidents and the monitoring of health and safety;
  - to support law enforcement agencies in the reduction, prevention and detection of crime and to assist in the identification, apprehension and potentially prosecution of offenders
- 8 We will use your personal data to take other steps to make sure the school site and buildings are safe, for example, we keep a record of visitors to the school sites at any given time - **PI**, **LO**.
- 9 If there is a complaint or grievance made which involves you then we will use your information in connection with that complaint or grievance - **PI**.
- 10 We may share information about you with the local authority for the purpose of the preparation, implementation and / or review of your child's Education Health and Care Plan - **PI**, **LO**.

- 13 We may use your personal data in order to help make our schools better, for example, to raise money - **LI** or **PI** depending on the nature and context of the promotion.
- 14 We may take photographs or videos of you at our events to use on social media and on our website. This is to show prospective parents and pupils what we do and to promote our schools. We may continue to use these photographs and videos of you after your child has left the school - **LI** or **PI** depending on the use of the photographs or videos.
- 15 We will send you information to keep you up to date with what is happening. For example, by sending you information about events and activities taking place (including fundraising events) and the school newsletter - **LI** or **PI**. - 18 We monitor our pupils' use of the internet and any internet based platform, and email as part of our safeguarding duties. On occasion, this may involve your personal data, e.g. if you have sent your child a message to their academy email address **PI**.

- 19 We also keep some information indefinitely for archiving purposes (this is known as "archiving in the public interest" under data protection law) and for historical research purposes.
- 19.1 This includes our legitimate interest in research; supporting long-term accountability; enabling the discovery and availability of our identity, memory, culture and history; enabling the establishment and maintenance of rights and obligations and of precedent decisions; educational purposes; and commercial and non-commercial re-use.
- 19.2 For example, we keep some old photos so that we have a record of what our academies were like in the past. Information held in our archive may be made publicly available but this would only be done in compliance with data protection laws - **LI**.

#### Sharing personal data with others

- 30 If the Trust is dealing with a request for information, query, complaint or grievance (e.g. from another parent), we may need to share your information with other parties if it is

relevant and appropriate to do so. For example, with the appropriate staff, pupil or parent involved - **LI**, **PI**.

- 37 In the event of a transfer of the school attended by your child to another school in the trust, your personal data would be shared with the incoming school as part of that process **PI**.
- 38 Some of the records that we keep and which contain your personal data may be used by us (or by someone else such as the government) to check that the Trust and the schools we operate continue to operate well- **PI**.
- 39 We may share your personal data with the Trustees of the Trust and local Governors if it concerns something that the Trust needs to tell them or the information will enable them to fulfil their role as trustee or local governor. For example, if there is a concern involving you or your child or something which affects the running of the academy trust **PI**.

As you will see from the above, in some cases we will rely on more than one lawful basis above for a particular use of your information.

We use contractors to handle personal data on our behalf for the following purposes:

- IT contractors who manage our computer systems and cloud computing services to store some information rather than the information being stored on hard drives located on our sites. For example, they might need to access a file containing personal data when investigating a fault or checking the security of our IT network;
- Third party software and web application providers to help us with teaching, and provide pastoral support to your child. For example, we may use an app which allows you to pay for tickets, to manage school trips or record your child's progress and achievements.
- Application Programming Interface (API) software such as Wonde to send your data back and forth between different software and apps. For example so that the information on the software used to manage school trips includes your up to date emergency contact details.

If you have any questions about any of the above, please speak to the Data Protection Officer or the School Business Manager.

### **Consent**

We may ask for your consent to use your information in certain ways as an alternative to relying on any of the basis above. For example, we may ask for your consent before taking or using some photographs and videos if the photograph or video is more intrusive and we cannot rely on legitimate interests. If we ask for your consent to use your personal data you can take back this consent at any time.

Any use of your information before you withdraw your consent remains valid. You can speak to the Data Protection Officer or the School Business Manager if you would like to withdraw any consent given.

### **Sending information to other countries**

In certain circumstances, we may send your information to countries which do not have the same level of protection for personal data as there is in the UK. For example, we may store your personal data in cloud computer storage based in the USA.

Some countries are considered by the UK Government to have adequate rules and this includes all of the European Union and some other countries, such as, Argentina, New Zealand, Norway and Switzerland.

We can provide details about the safeguards which we have in place outside of this privacy notice. If you have any questions please contact the School Office or the Data Protection Officer.

### **How long do we keep your information?**

We keep your information for as long as we need to in order to educate and look after your child. We may keep information after your child has left the school and in some cases for a longer time than usual but we would only do so if we had a good reason and only if we are allowed to do so under data protection law.

Our Information and Records Retention Policy contains more detailed information. This can be obtained from the school office.

### **What decisions can you make about your information?**

Data protection legislation gives you a number of rights regarding your information. Your rights are as follows:

- **Correction:** if information we hold about you is incorrect you can ask us to correct it.
- **Access:** you can also ask what information we hold about you and be provided with a copy. This is commonly known as making a subject access request. We will also give you extra information, such as why we use this information about you, where it came from and what types of people we have sent it to.
- **Deletion:** you can ask us to delete the information that we hold about you in certain circumstances. For example, where we no longer need the information.
- **Portability:** you can request the transfer of your information to you or to a third party in a format that can be read by computer.

- **Restriction:** you can request that we restrict how we use your personal data.
- **Objection:** you may object to us using your information where:
  - we are using it for direct marketing purposes (e.g. to send you an email about a fundraising opportunity);
  - the lawful basis on which we are relying is either legitimate interests or performance of a task carried out in the public interest. Please see the section "Our lawful basis for using your information" above; and
  - if we ever use your information for scientific or historical research purposes or statistical purposes.

Some of these rights don't apply in all cases. For example, if you ask us to delete your personal data then in some cases we will not need to comply with your request. The Data Protection Officer can give you more information about your data protection rights.

### **Further information and guidance**

The Data Protection Officer is the person responsible at our Trust for managing how we look after personal data and deciding how it is shared.

Like other organisations we need to keep your information safe, up to date, only use it for what we said we would, destroy it when we no longer need it and most importantly - treat the information we get fairly.

This privacy notice does not, and is not intended to, give you any rights which you did not already have. For example, it does not give you any contractual rights.

Please speak to the Data Protection Officer if:

- you object to us using your information for marketing purposes e.g. to send you information about school events. We will stop using your information for marketing purposes if you tell us not to; or
- you would like us to update the information we hold about you; or
- you would prefer that certain information is kept confidential. Please note that there will be occasions when your expectation of confidentiality is overridden by the Trust's other obligations e.g. if we need to share information for safeguarding reasons

If you fail to provide certain information when requested, we may not be able to perform our obligations under any contract we have entered into with you. We may also be prevented from complying with our legal obligations (such as to ensure the welfare of your child and their classmates). Failing to provide information may also adversely affect the education and care we are able to provide to your child.

You have a right to lodge a complaint with a data protection supervisory authority. The supervisory authority in the UK is the Information Commissioner ([ico.org.uk](http://ico.org.uk)). If you do have any concerns about how we have handled your personal data we would kindly ask that you contact us in the first instance before you speak to the ICO so that we have an opportunity to put things right.
